ABOUT THE LAFITTE LIBRARY

The new Lafitte Library opened March 4, 2010, as part of the new Leo. E. Kerner Jr. City Park Multi-Purpose Complex.

The library covers more than 4,500 sq. ft., almost three times bigger than the old facility. Its collection includes 14,000 items – all brand new. The library has 12 public access computers with shared seating for 17 people. Library users can sit down and get comfortable at new study tables and lounge seating and use the free wireless internet (Wi-Fi). Children have a play area with a small fishing boat. And, teenagers have their own spot with an old-time soda fountain-style booth.
